# ODYSSEUS™

Planning and Program Management System

KNOWLEDGE MANAGEMENT SYSTEM

The **Odysseus™ | KMS** gives planners an online tool dedicated to the development and maintenance of programs, plans, policies, and guidance while offering standardization and flexibility.

Features of the Odysseus | KMS

QUALITY	Reduce redundancy and increase version control with your organization's plans and doctrine.
COLLABORATION	Create a safe and collaborative environment that provides secure access and promotes increased participation.
PLANNING	Document the planning process and track collaboration among partners and committee members.
MANAGEMENT	Assign tasks or monitor the progress of work activities from the convenience of your desktop.
SYNCHRONIZE	Coordinate, announce, and track schedules and share plans with other systems.
PROCEDURES	Manage the development, maintenance, and updating of standard operating procedures and system protocols.
STANDARDIZE	Integrate and share operational doctrine and plan across states or regions for jurisdictions and local use.
